Professional profile

Software engineer and business leader with a background in UI/UX design, e-commerce and digital marketing. Founder and General Manager of SHEHAB AGENCY and Chairman of Ghayeh. Connects design direction, technical delivery and marketing strategy, with hands-on experience leading multidisciplinary teams and developing AI-enabled business workflows.

Professional experience

Chairman of the Board | Ghayeh
June 2026 – Present

Guide software and digital marketing services, including brand strategy, e-commerce, UI/UX, SEO and business automation. Lead business direction and coordinate creative, technical and marketing delivery.

Founder & General Manager | SHEHAB AGENCY
January 2024 – Present

Lead agency operations, growth strategy and delivery across e-commerce and digital marketing. Oversee Salla, Zid, Shopify and WooCommerce projects, connecting UI/UX direction, performance marketing and team management.

UI/UX Designer | Mostaql
August 2022 – Present

Deliver interface and user experience design for digital products and client projects.

UI/UX Team Leader | Moharb
July 2024 – May 2025

Led UI/UX teams across digital platforms and e-commerce projects. Collaborated with development and marketing teams on user experience and conversion-focused improvements.

UI/UX Team Leader | Fkretk
August 2024 – January 2025

Led interface design teams and coordinated design decisions with developers and marketers for digital platforms and online stores.

UI/UX Team Leader | Zbooma Agency
January 2024 – August 2024

Led UI/UX work for e-commerce, IT services and website development projects.

UI Designer → Team Leader | Elbatt
June 2023 – August 2024

Designed interfaces, Salla stores and logos; held the Team Leader role from October 2023 to August 2024.

NOUR WAEL

PROJECTS, CAPABILITIES & ACHIEVEMENTS

Selected projects & initiatives

Salma & Reemas | E-commerce interface design

Selected store designs with distinct visual directions for fashion and jewelry, focusing on coherent product presentation and the shopping experience.

Codekly | Visual identity

A coordinated identity and social media design system connecting brand presentation with digital applications.

Abojabaa Bike & Medical Sleep | Creative direction

Oversight of store presentation, banners, product content and coordination of creative delivery.

AI sales automation | SHEHAB internal initiative

Led a workflow connecting prospect research and qualification, personalized follow-up, CRM records and meeting handoff to the sales team.

Core skills & tools

Design — UI/UX design, wireframing, responsive interfaces, visual identity, Figma, Adobe XD, Adobe Illustrator and Adobe InDesign.

E-commerce & marketing — Salla, Zid, Shopify, WordPress, WooCommerce, conversion-focused design, performance marketing and SEO oversight.

Leadership & operations — Company operations, project delivery, team leadership, client requirements, quality review and KPI tracking.

Automation — AI agents, CRM workflows, sales process automation and Google Sheets reporting.

Education

Bachelor’s degree in Computer and Information Science
Mansoura University | August 2017 – August 2022

Content creation milestone

Built an audience of 150,000 TikTok followers and 30,000 YouTube subscribers within six months through tech reviews and tutorials. Subsequently stepped away from regular content creation to focus on professional development in digital marketing.

Companies I have helped develop

Medical Sleep, Jabaliyah, Mango Jazan, Rabhan, Sibaq, Toprate, Fast Growth, Moharb, Fkretk, ARHB TV, Sabaya Fashion, Prestige Massage, Bamboo Spa, Tholathiyat Real Estate, Hawa, Fouh, Awla, Lot and Yalla Wash.
